COMMUNICATION

Sir:

In connection with the above-identified matter, Applicant hereby petitions for revival of the above-application as being unavoidably abandoned.

It is believed that the following comments establish that the application should be revived for the reasons set forth hereinafter.

Historically, there was a Notice to File Missing Parts of Nonprovisional Application, which was issued by the Office on August 31, 2001.

On October 30, 2001, in the midst of the aftermath of September 11, 2001, Applicant submitted the response. This response included the check as well as the Declaration and a copy of the Notice.

However, it is apparent that there was a discrepancy between the application number on the Notice to File Missing Parts and what was typed in on the communication. This is readily apparent from the photocopies of the response including the check, postcard, and communication.
